SCI Mission Statement

To protect and preserve our hunting heritage through wildlife conservation, education, legislative and humanitarian efforts.

SCI Hunter's Code Of Ethics

Recognizing my responsibilities to wildlife, habitat and future generations

I pledge,

- To conduct myself in the field so as to make a positive contribution to wildlife and ecosystem.
- To improve my skills as a woodsman and marksman to ensure humane harvesting of wildlife.
- To comply with all game laws, in the spirit of Fair Chase, and to influence companions accordingly.
- To accept my responsibility to provide all possible assistance to game law enforcement officers.
- To waste no opportunity to teach young people the full meaning of this code of ethics.
- To reflect in word and behavior only credit upon the fraternity of sportsmen, and to demonstrate abiding respect for game, habitat and property where I am privileged to hunt.

SCI Overview

Founded in 1971 by C.J. McElroy, Safari Club International (SCI) soon evolved into a world wide organization that promotes wildlife conservation and education, provides services for people in need, and functions as an advocate for hunters and hunting. Almost 50,000 members in 85 countries, and over 200 chapters in 37 countries empower SCI's mission around the globe. In 2000, SCI was reorganized into two separate corporations. The Safari Club International Foundation was formed as a non-profit charitable organization under 501(c)(3) of the Internal Revenue Service (IRS) Code and Safari Club International was formed as a non-profit social advocacy organization under 501(c)(3) of the IRS Code.

In the past 6+ years, the Central Missouri Chapter accomplished amazing things:

- Safari Club International 2001 "Rookie" Chapter of the Year
- Safari Club International 2002 "Top Gun" Chapter of the Year
- Fulfilled wishes of 17 kids battling life-threatening illnesses with hunting and fishing trips
- Paid for one young man to attend a camp for kids with diabetes
- Conducted over 18 hunter safety classes
- Reached thousands of people on hunting rights, conservation, and SCI goals and objectives through the use of the Sensory Safari Trailer
- Hosted two bone marrow drives
- Provided 97,745 pounds of venison to various charities
- Conducted our first Inner City Youth Hunt
- Have had numerous newspaper articles and radio spots touting our accomplishments.
We have even been on national television!
- Recognized in 2004 by the Missouri Senate

This has all been made possible by the generous donations of various businesses, charitable organizations, outfitters, members of the Central Missouri Chapter and Foundation of Safari Club International, and you.

Central Missouri Chapter Committees

The Central Missouri Chapter of Safari Club International was created in 1999 to promote, educate, and conserve the traditions of hunting. The founding members believed in the ideals and ethics proposed by Safari Club International and wanted to be a part of such a wonderful organization. There were 25 charter members who made this dream become a reality. We are now about 200 members and are continuing to grow. The members decided they wanted to make a difference in the lives of Missourians and others around the United States, so they took on four charitable projects: Hunter Education, Sensory Safari, Sportsmen Against Hunger, and Safari Wish.

Sensory Safari is a 24-foot, climate controlled, handicapped accessible trailer with over 70 mounts from throughout the world. The trailer has been to well over 500 different locations and has been toured by thousands of people. Our members have taken the trailer to the national FFA convention, Lewis & Clark Days, the Whiteman AFB Show, hunting/sporting events, and many schools. It is a big hit and in constant demand. To schedule the trailer for your event, contact Tom French.

Sportsmen Against Hunger is a program designed to help feed Missouri's needy. Hunters who wish to donate venison after a successful deer hunt can donate the meat to one of our participating processors, and the Chapter along with the Conservation Federation of Missouri picks up the tab for whole deer donations. In the past seven years, we have donated near 97,745 pounds of venison to charities in Mid-Missouri. If we could get Mid-Missouri hunters who do not donate whole deer to donate just FIVE pounds of venison each, we could raise an additional 12,500 pounds of food!

Safari Wish is designed to fulfill the wishes of kids battling life-threatening illnesses by taking them hunting and fishing. The taxidermy work is included. To see the smiles on the kids' faces and the joy of their parents is something to behold! We are looking for 3 to 4 kids to grant wishes to, so if you know anyone, please contact us.
